Society Present in Force at the Horse Show.

OCCASION NOTEWORTHY

MISS ROOSEVELT ONE OF THE IN-TERESTED SPECTATORS.

Stylish Equipages Lined the Ringside at Chevy Chase-Results of the Contests.

The second day of the Chevy Chase Club horse show opened as brilliantly as did the first. A gathering quite as large as that of the first day was present on the grounds before the first event. It was believed that the most interesting part of today's exhibit would be the judging of military mounts, which would include a number of horses from the 2d Cavalry stationed at Fort Myer. There are a number of army officers among the members of the club, and they are, of course, much interested in this event. The show was scheduled to open this afternoon at 2 o'clock, but there was some delay, so that the first event was not called until about 2:30 o'clock.

Today's Program.

The show will end with the six events that are on the program for today. The events include

2 p. m .- Judging pairs of farmers' heavy draft horses, class 12, (post entries). 2:30 p. m.-Judging five victorias or cab-3 p. m .- Judging five ponies in harness,

3:30 p. m.-Judging military mounts, class 10 (post entries).
4 p. m.—Judging eleven heavy-weight hunters, class 6.
4:30 p. m.—Judging twenty-one lightweight hunters, class 7.

Society Out in Force.

The society folk of the national capital turned out en masse vesterday afternoon to attend the opening of the horse show. The occasion was noteworthy in the fineness of the day, the excellence of the program and the brilliancy of the throng which gathered about the course and witnessed the various events. High traps, shining victorias, coaches, drags, all drawn by the most sleek of horseflesh and driven by the most proper of coachmen lined the ring in which the contests were held, while walking about the enclosure could be seen all of the prom-inent society buds and matrons in the most becoming of costumes. Miss Alice Roose-velt was one of the most observing and observed of all the spectators. She was the guest of Miss Ethel Horstman and watched every event from the Horstman carriage.

Others who occupied carriages or points of

vantage about the ring were:
Mr. Larz Anderson, Mr. and Mrs. Arthur Lee and their guest, Mrs. McKee; Mr. John O'Donnell, Mr. and Mrs. Hugh Legare, Mr. and Mrs. George Howard, Mr. and Mrs. H. C. Fuller, Mr. and Mrs. Thomas Nelson Page, Mr. and Mrs. Joseph Washington, with their guest, Miss Molly Elliot Seawell; Senator and Mrs. Elkins, Senator Wetmore and the Misses Wetmore, Mr. and Mrs. Frank Ellis, Mrs. Richard Wallach, Mr. Charles M. Ffoulke and the Misses Ffoulke. Senator and Mrs. Foraker, Miss Foraker, Mr. and Mrs. Thomas F. Walsh and Miss Walsh, Rear Admiral and Mrs. Reamy, Mr. Seekendorf and Miss Ethel Seckendorf, Miss lia Kellogg, Mrs. Victor Kauffmann and Miss Kauffman, Miss Fitch, Gen. Woodhull and Miss Woodhull, Miss Clagett, Mr. and Mrs. Joseph Bradley, Mr. Andrew Bradley, Dr. and Mrs. A. A. Snyder, Mr. and Mrs. Haywood, Mr. and Mrs. Edward Mitchell, Miss Mabel Merriam, Miss Field, Mr. Francis Colton and the Misses Colton, Dr. Loring and the Misses Loring, Commander Southerland and Miss Southerland, Mr. and Mrs. Horace Westcott, Mrs. John Rodgers, Col. and Mrs. Maus, Mr. Charles H. Poor Mrs. Samuel Mattingly and Miss Mattingly, the Misses Stevens, Miss Elsie Seymour, the Misses Hume, Mr. and Mrs. Walter Denegre, the Misses Bell, the Misses Newlands, Miss Elsie Bliss, Miss Cox, Mr. and Mrs. Evleth Whiting, Mr. O'Donnell Hillen, Mr. 8. P. Knut, Miss Josephine Boardman and Mr. George L. McLanahan.

Yesterday's Events.

There were six events on the program yesterday. The feature of the day was the ladies' hunters' event. It was necessary that all of the animals entered should have been ridden to hounds at least once during the season and that their riders should be ladies. Mrs. Courtland H. Smith bore off event and Miss Alice B. Langhorne took the other, mounted on Mr. W. D. Denegre's "Duke of Orleans, Mrs. Smith was kept busy mounting and dismounting in order to make her three horses win. She rode each one of them herself and each one seemed better than the other. The first prize and blue ribbon was given to her "Chapple Lee," a brown gelding. DORAN-WEBB NUPTIALS. Romance Which Began in Sick Room

Culminates in Marriage.

There is an element of romance in the marriage of Mr. Edward B. Doran of this city and Miss Minerva Webb, daughter of Mr. A. Pleasants Webb of Baltimore, which took place at the First Presbyterian Church in that city. Mr. Doran is a son of the late Pay Director Edward C. Doran of the navy,

and is a clerk in the navigation bureau of the Navy Department. He had a severe spell of illness last December, and Miss Webb, who is a trained nurse at the Columbian Hospital, was engaged to attend him. So well did she perform her work that the patient fell in love with her, and, his sentiments being reciprocated, their marriage took place last Wednesday. The event was somewhat of a surprise to their friends, and the only witnesses to the cerwere two strangers who happened to be in the vicinity.

Benefit Entertainment.

An entertainment was given at Typographical Temple last evening, under the auspices of the Wesley M. E. NAVAL COURT-MARTIAL TO MEET AT NORFOLK.

Death Penalty May Be Inflicted on William Anthony, Mess Attendant

on the Olympia.

For the first time in a great many years the Navy Department has decided to try a man for an offense involving the possible infliction of the death penalty. The case in point is that of William Anthony, a colored mess attendant on the Olympia, flagship of Rear Admiral Coghlan, commanding the Caribbean squadron. Several months ago this man got into an altercation on board ship with another enlisted colored man and stabbed him to death. It is alleged that the deceased provoked the assault by making a vile charge against Anthony.

Shortly after the occurrence Rear Admiral Coghlan appointed a court-martial for the trial of Anthony on the charge of murder. The court convened at San Juan during the cruise of the Olympia, but de-clined to proceed with the trial on the ground that it had no jurisdiction. Com-mander J. C. Wilson, commanding the Pan-

ther, was president of the court.
It was contended by the court that the alleged offense having been committed within the jurisdiction of the United States was properly cognizable by the civil courts. Rear Admiral Coghlan insisted that the case was clearly within the jurisdiction of the naval court, but as the court persisted in its stand it was decided to withdraw the case from its further consideration and organize a new court.

New Court to Assemble.

Acting Secretary Darling has finally adopted the view of the judge advocate general of the navy that the case is within the jurisdiction of the naval authorities. By his direction a new court-martial, of which Capt. W. T. Swinburne, commanding the battle ship Texas, is president, and Capt. Rufus H. Lane of the Marine Corps is judge advocate, will convene at Norfolk in a few days for the trial of the case. The Olympia is now in that harbor.

During the Mexican war an enlisted man

in the navy was convicted of assaulting an officer, and was hanged from the yard arm as a result of court-martial proceedings. Since then the death penalty has never been imposed in the navy in time of peace as a result of court martial proceedings, the practice being to turn all capital cases over to the civil authorities.

Reception and Debate by Members of Washington Heights Republic.

and management of such enterprises in all

An interesting evening was spent by the citizens of the Washington Heights Republic and their friends last evening at the Washington Heights Presbyterian Church. The occasion was a reception on the part of the republic, and the principal feature was a debate, when the pros and cons of the question of the restoration of the army canteen were debated with spirit and ability by the youthful citizens.

The vote taken of the members favored

the affirmative side. In the musical program presented, Mrs. Thos. C. Noyes delighted the boys with vocal solos and Mr. Mooney also met with favor from the audience, which was not slow in expressing its sentiments. In fact, there is nothing slow about this vigorous organization. Refreshments were served at the close of the evening's program.

MR. CONGER CORROBORATED. Further Reports Received Regarding

Russian Demands. It is learned that Mr. Conger's original statement of the Russian demands has received very recently further support in the shape of several reports from different sources-all official-but the State Department feels bound to accept without question the explanation of the Russian government as made through its ambassador here and through Count Lamsdorff in St. Petersburg and does not feel called upon to make any further representations at present upon

this subject. The Japanese minister, Mr. Takahira, called at the State Department, although this was not diplomatic day, and of course discussed at great length the subject of

Cargo of Fish Lost.

A haul of the big seine at the Stoney Point ishing shore yesterday morning netted over 10,000 herring and several hundred shad, out the entire catch was lost by the capsizing of the lighter in which they were being brought to this city. The accident occurred yesterday morning about 10 o'clock a short distance away from the fishing shore. The tug Columbia of Baltimore had the lighter in tow, when a sudden and heavy flaw caused it to careen. The load of fish aboard fell to one side and over the boat, dumping the cargo in the

White Men Discharged for Drawing the Color Line Strike Situation Elsewhere.

SAN FRANCISCO, May 2.-About 500 laborers have quit work to enforce a demand for an increase of pay and shorter hours. The strike involves three of the largest contracting firms in this city and is due to the refusal of the contractors to concede the wages and hours agreed upon at a conference between committees représenting the builders and contractors' association on one side and the building trades council and the laborers' protective union on the other.

Fourteen white laborers employed at the Fulton iron works have been discharged because they objected to the employment of two colored laborers CARPENTERS' STRIKE GROWING.

More Men Expected to Go Out at Philadelphia.

PHILADELPHIA, May 2.—Indications today are that the strike of carpenters in this city will be widely extended by Monday, and workmen in many surrounding districts will then become involved. Officials of the Brotherhood of Carpenters have notified all subordinate unions in this jurisdiction that no member will be allowed to work for any Philadelphia contractor until such contractor has agreed to the Philadelphia demand for 50 cents an hour. All the unions in the building trades have come to the assistance of the carpenters and hoisting engineers' unions, and the issue will thus be forced immediately, as these two organizations are the key to the whole situation. KAISER VISITS ROME

THE CITY.

His Official Reception Identically the Same as That of King Edward VII.

ROME, May 2.- Emperor William, on his arrival here today, was welcomed at the station by King Victor Emmanuel, the Duke of Genoa and other notable persons. It was raining heavily here this morning, thus bitterly disappointing the Romans, who had been hoping for fine weather in which to welcome the German emperor to

The Via Nazionale, however, preserved its attractiveness, the downfall of rain having resulted in brightening the verdure in that thorough-

Emperor William is a great favorite with the Romans of all classes owing to the tact of the house of Hohenzollern regarding Italian national susceptibilities, and, therefore, remarkably large and good-natured crowds gathered along the route to be followed by the emperor, in spite of the depressing weather. German and Italians fraternized for the occasion and "hoch, hoch, hoch" for the German emperor was heard in the streets instead of the 'hurrah, hurrah, hur rah." which had so recently been shouted for the British king.

SUPERVISING PRINCIPAL FREE-MAN MAY GO TO WORCESTER.

Recommendation for His Appointment to Be Made to the School Authorities There.

It is authoritatively stated that the board of education of Worcester, Mass., is considering the selection of Prof. John T. Freeman, supervising principal of the third division of the District public schools, for the position of superintendent of public instruction of that city. Mr. M. M. Taylor, vice president of the Worcester board of education, has been in the city for several days, during which time, it is stated, he has conferred with Mr. Freeman in regard to the matter. He has thoroughly reviewed Mr. Freeman's qualifications and has stated that he proposes to recommend him for the appointment.

When seen by a reporter for The Star today Mr. Freeman admitted that he has the matter mentioned under consideration.
He said, however, that his going to Worcester has not been definitely decided upon.
He also stated that he has not resigned his position as supervising principal here.
Mr. Freeman did not wish at this time to discuss the probability of his learning West. discuss the probability of his leaving Wash-It is stated that the contest for the superintendency of the public schools of

Worcester has brought forward the names of a large number of the leading educators of the east for the position, but that the board of education has eliminated from consideration all but two persons—Mr.
Freeman of this city and a prominent
teacher of Worcester. It is further understood that the majority of the members of the board of education are favorable to the election of Prof. Freeman.

Difference in Salaries.

The position of superintendent of public instruction of the Worcester schools carries with it a salary of \$4,000 a year, while the supervising principalship of the District educational system pays only \$2,000 a year. Mr. Freeman has held that position here about thirteen years, and has been connected with the public schools as a teacher and in other capacities about twenty years. The contingency presented by the possi-bility of Mr. Freeman's acceptance of the Worcester position has brought forward a number of aspirants for the place as supervising principal. In addition to several male educators of the city, a woman teachthat the position of supervising principal of the District schools has never been filled by a woman excepting in one instance About two and a half years ago, when Dr. Gage was taken ill, Miss F. THE ANTI-SPITTING LAW. New Police Regulation Goes Into Effect

Today. It was generally understood that the police would make no arrests today of violators of the new anti-spitting regulation, but many persons had their attention called to the fact that the law is on the statute books and that prosecution will occur after sufficient warning has been given. Pedestrians on the streets were seen to call attention to the law in a jocular manner and some of them succeeded in getting some amusement out of the situation. Later the fun will cease and violators of the law will find themselves in custody and before the

In the local market opening prices were

generally firmer, with the local traction

noticeable in Metropolitan and Manhattan,

both of which scored good fractional gains

at the start, and there was a better demand

The Gould shares continued to show good

support and Missouri Pacific, as was the

case yesterday, appeared to be accumulated

in that property. The St. Louis exposition

traffic is expected to increase the earnings

of this road considerably and, in fact, the

earnings of all its connecting lines will no

doubt be greatly augumented for some time

to come through this source.

While Erie common was unchanged at the start, the first preferred gained %. Pennsylvania, St. Paul and Baltimore and Ohio opened at about yesterday's closing prices, but gained fractionally in the first few minutes of tradictionally in the first

Southern Pacific, Union Pacific and Rock Island were slightly lower at the start, but

recovered soon after to last night's final

prices. There were some irregular move-ments in some of the specialties. The an-thracite coalers continued strong. Buffalo,

Rochester and Pittsburg made a sharp ad-

Westinghouse common lost 3 points. And there was a continuation of the strength in

the American Ice securities. Bond dealings were scattered, but prices steady. After the first half hour of trading the traction

shares continued to advance, Metropolitan gaining a point more, and the others of

that group made further fractional advances. Business was still very dull, com-

mission houses reporting very little outside trading; the arbitrage brokers were not

active, and the room traders generally were disposed to await the publication of the

weekly bank statement before making any

Upon the appearance of the bank statement, which showed a large gain in cash, but also a large increase in loans, the traders were active sellers of the list, and

prices, as a rule, reacted from 1/2 to 1 per cent, the latter decline occurring in Metropolitan, but the price at this lower level still showed an improvement of % per cent over yesterday's closing figure. The selling movement was not very aggregative and on

movement was not very aggressive, and on the decline nearly all of the active stocks

met good underlying support, and subse-

quently recovered most of their losses. The loan increase was doubtless due to the Erie payment of about \$8,800,000 on the 4 per

was made yesterday, another factor possi-

bly being a call for 50 per cent of the amount underwritten by the syndicate formed in connection with the reorganization of the American Bicycle

Company. The market closed firm at a shade under opening prices for a majority of the active shares. The weekly bank statement was as follows: Reserve on all

deposits, increase, \$196,375; reserve on all deposits other than United States, \$192,675;

loans, increased, \$13,453,900; specie, in-creased, \$3,163,200; legal tender, increased.

\$1,575,400; deposits, increased, \$18,156,900; circulation, increased, \$48,000.

It will be seen by the above statement

that the banks have gained \$4,735.600, only

a small part of which is carried to the surplus account because of the large in-crease in the loans, which, as before stat-

ed, undoubtedly resulted from syndicate transactions. The changes in deposits is un-

usually harmonious with the two funda-mental changes. The net results brings the

surplus reserve up to \$11,181,850.

School Authorities Object to Using School Grounds as Park.

Association, headed by Mr. Smith Thompson, jr., recently appeared before the Commissioners to urge that the local authorities ecommend to Congress the condemnation of the square bounded by 33d, 34th, Q and R streets, Georgetown, and its conversion into a public park. The petition also asked that the Commissioners allow the use of the Western High School grounds as a park. The latter matter was referred by the Commissioners to the board of education. and Dr. Richard Kingsman, chairman of the committee on buildings and repairs and sanitation, has submitted a report stating that after fully considering the matter and with every desire to meet the wishes of the association and the wants of the portion of our city interested, we believe it would be ill-advised to permit the use of the grounds as suggested. Held on Serious Charge. William J. Ryon and William Fitzgerald, two young men who give their occupation as clerks, are held at the seventh precinct station house on the charge of criminal assault, preferred by Mary Ford, seventeen years old. The assault is alleged to have occurred about 11 o'clock last night. When confronted with the two prisoners this morning Miss Ford positively identified her assailants. Both men emphatically deny the charge. Through friends they have retained counsel, and will be given a hearing in the Police Court Mon-
